(PERMIT TERMS CONTINUED)

under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies and is specifically issued contingent upon approval by the Nevada Division of Environmental Protection of the dewatering project.

The total combined duty of water under permits 40900, 47962, 48328, 48330, 48910, 48911, 48912, 49550, 49916, 49962, 51962, 52330, 52331, 52332, 52883, 52884, 53384, 53385, 54308-T, 54309-T, 54310-T, 54339, 54340, 54341, 55093-T, 55094-T, 55095-T, 55096-T, 55614-T and 55615-T shall not exceed 10,582 acre feet annually.

Any water obtained under Permits 52883, 52884, 53384, 53385, 54308-T, 54309-T, 54310-T, 54339, 54340, 54341, 55093-T, 55094-T, 55095-T, 55096-T, 55614-T and 55615-T as a result of the dewatering program by the permittee shall be used first for mining, milling, heap leaching, drilling, road water and other related mining and milling uses within the places of use as described.

A monthly report shall be submitted to the State Engineer within 10 days from the end of the month which shall include the amount of water pumped from each well and the amount of water used for mining and milling purposes.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on March 19, 1992 at which time all rights herein granted shall revert to the right being changed by this temporary permit.
